GARDEN GROVE KIWANIS RAMBLINGS, PUBLISHED WEEKLY

JULY 14, 2005

*Jay Mastroianni fighter supreme is working his way back to good health.*

## First the health report

One of the more exciting reports I have heard in a long time, I heard today. **Shelly Singer** reports that **Jay Mastroianni** is looking better, eating on his own, walking again and is in a Rehab Center in **Tustin** and should be home soon, and to a meeting soon there after. **Jay** is an amazing individual with such great spirit, he defies explanation. We look forward to his return, so we can give him a little hug, a kiss, on the cheek, and back it up by kissing his ring just in case we should. Some day a book should be written about this man.

### How about a report from Patonai?

**Frank Patonai** underwent, or soon will undergo an injection in the knee, or knees, to repair his Arthritic knee. We want to know how he is. Nay, nay, we demand it. So if anyone can get a hold of Frank and get an update on his condition, an eager service club waits with baited breath. Since most of you know what "Baited Breath" smells like, it is imperative that we hear soon.

### And Now the Presidential Report

To cover the rest of the weekly news. President Newkirk stepped up to the plate. He reported that Monday night there will be a DCM meeting and we will have an Interclub, and a good time. Those wishing to join the festivities will have to wait till next month, because you will receive this it will be over. Although I can feel your pain, I must remind you that that is what happens when you miss a meeting.

### No Kiwanisland Board Meeting until further notice

The **Kiwanisland Board of Directors** voted to postpone the **July Board Meeting** perhaps forever, The vote was 1-0, with four members abstaining and two sleeping.

### Alanon Club Votes \$100.00 Donation to Kiwanisland! And other park news!

A letter along with a donation of \$100.00, was received for the use of the Park by **Alanon**, a recent user. They thanked us, said that **Jack** did a marvelous job in acquiescing to their every request. In fact they said that they believe **Jack** walks on water. I didn't have the heart to tell them that the reason **Jack** walks on water is, he refuses to walk on the newly seeded park grass. Other park news, **the Girls and Boys Club** is using the park often, the police will be holding an event there, (Voluntary attendance) and our Boy Scout Troop 1776, had five of their members vying for Merit Badges, cleaned the rugs and trimmed the bushes. According to overseer **Wallin** they did a great job.

### Jazz in the Park July 30!

The Community Foundation will be presenting "Jazz in the park" featuring **Barbara Morrison and the Raelettes**. This group performed with the **Ray Charles Show**, and there is dinner before the show with reserved seating for \$75.00 per person, or you can get there at 7:00 PM, and listen to the music for free, while you enjoy watching those who are more financially secure, finish eating their desert.

### Happy/Sads

Happy/sad dollars provided some funding **Nielsen** opened the session with happiness for Sunda and Shelly being on the OCTA Advisory Board. (Webster Definition: Advisory Board; "A group who meet regularly, spend hours suggesting many solving problem methods to the group in question, who are taking copious notes, then thank those appointees for their time and "brilliant" ideas, and throw them away as soon as the advisors in question leave the room." **R.C.** for **Gary Sunda** being our program, and Jay's health report. five. Happy for **Ed's** shirt, happy **Gary** is speaking. Happy! Happy! Happy! **Craig** happy **Jay**

### Our Past President Speaks!

Because of his fascination with the **Diamond Lanes** proposed for the **22 freeway**, **Gary Sunda** has achieved adoration of his peers. Appointed to the OCTA Advisory Board along with **Shelly Singer**, to keep us "little people" informed so that we could dazzle our friends with the recent going ons' of that August body. (Must august bodies take August of? Reported that he has so far been to two meetings, one was introductory, and the other took three hours to elect a Chairman. The OCTA must be delighted with it's progress. I can't wait for the next one.

### Coming Soon

I have no idea, but have faith

Thought for the week

The first time I see a jogger smiling, I'll consider it.
