GARDEN GROVE KIWANIS RAMBLINGS, PUBLISHED WEEKLY

OCTOBER 26, 2006

Taking his cue from Newkirk. he keeps the information flow going to hungry readers!

Nielsen provides notes from meeting

Providing a feeling of calm and confidence, **President Nielsen** provided proof that the newsletter would be available to hungry readers. Not intimidated by the absence of **Newkirk, Margolin,** and **T. Elliott,** his three trusty beat reporters, he faced the issue calmly and took charge. "**Margolin!** Said he, in an urgent call, I'm sending over my meeting notes to you, and I want you to get the bulletin out by Sunday. If you end up with free space, make something up! I was not about to let him down!

Newkirk can rest easily knowing that with Nielsen at the helm of this ship there is still hope.

Last Tickets Sold

Saturday was the night of the drawing, and Kelly advised that it would be a success, because we are now sold out. It was bought by **Dick Lobin,** who would have bought it earlier, but had to find someone he trusted to help him lift his wallet so he could open it.

News of Note including Jay wins the drawing!

Jay's back and doing pretty well ! (Applause from everyone for **Jay**) He is probably even better now, since the Saturday drawing revealed him as the winner of the **Ray Beaudoin Memorial** Event. (Not the first time you know.) Once again our membership released a mass sigh of relief knowing that no fund raiser would be needed to help **Jay** make it through his senior years. Of course everyone was thrilled for **Jay,** and are already excited about the possibility that next year he may win again.

Brent is going to coordinate the Breakfast before the parade. (I have no idea what parade or what breakfast, but I'm sure someone does.) Donations have been received for **KiwanisLand: YMCA of Orange County** - \$250 and **Garden Grove Mothers Club** - \$80.

Our speakers represented **Boy Scout Troop 1776,** that meet at **KiwanisLand** on a regular basis. The Group Leader, one other leader and 4 Scouts told of their activities over the past summer - fishing, camping, fresh water rafting, and merit Badge tasks. (The stories enlivened the entire club). The presentation (talk) started at 7:45 and ended at 8:30. Many questions were asked of the activities of the scouts. We had a show of hands of how many in the audience were scouts when young. Of the 30+ in attendance more than half (19) had been scouts.
